Pink ladies honored at banquet

Wave 11 Feb 1982

Wasatch County Hospital recently hosted a luncheon to honor the volunteer services of its Pink Ladies. These lovely ladies give so generously of themselves to our hospital and patients. In 1981 the Pink Ladies donated their time as follow: Florence Anderson, 275 hours (3,812 career total); Charlotte Berg, 120 hours (2,037 career

total); Melba Chapman, 228 hours (3,912 career total); Phyllis Jacobsen, 803 hours (5,600 career total); Kay Lee, 164 hours (2,785 career total); and lone Moulton, 1,040 hours (18,667 career total).

In addition to all of their hours of devotion, the Pink Ladies purchased over \$3,200 worth of

much-needed equipment for our hospital. The long-term care facility patients received two very comfortable chairs and a public address system. The hospital received a self-contained infant transport isolette.

These ladies are truly remarkable, and so very much appreciated.
